

ADIA Membership — Application & Annual Membership Fees

The decision to join the Australian Dental Industry Association (ADIA) and retain membership is a personal one and driven by many different factors. Some businesses are looking for the latest market research and an understanding of business conditions, others want to play a role in lifting red tape and others just like the sense of community that comes with membership. ADIA is an organisation funded by its members for the benefit of its members which is reflected in the current fee schedule.

We want your business to succeed. It's the sole reason that ADIA was formed in 1925 and all of our activities are directed towards this task. ADIA provides leadership, strategy, advocacy and support. Our members set our agenda, fund our activities and directly benefit from the results.

Please note that the above-mentioned fees cover FY2019-20 and are subject to revision. ADIA will commission periodic independent reviews of *ADIA Corporate Members* in order to verify that the correct fee schedule has been applied.
